

CHARLES M. EVANGELISTA

City of San Fernando, Pampanga, Philippines | 09810460535 | charlesevangelista2026webdev@gmail.com | github.com/Kizaru01

PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with hands-on experience building web applications using Next.js, React, TypeScript, Node.js, NestJS, PostgreSQL, and MongoDB. Experienced in developing REST APIs, authentication and authorization, database-driven features, and responsive interfaces. Continuously improving backend architecture skills through real-world projects and self-study.

TECHNICAL SKILLS

Languages :	JavaScript, TypeScript, HTML5, CSS3
Frontend :	Next.js, React.js, Tailwind CSS, shadcn/ui
Backend :	Node.js, NestJS, Express.js, REST APIs, Next.js Server Actions
Database :	PostgreSQL, Prisma ORM, MongoDB, Mongoose
Tools :	Git, GitHub, pnpm, Postman, VS Code, Turborepo
Concepts :	Authentication, Authorization, RBAC, Zod Validation, SSR, CSR, React Server Components

PROJECTS

HR Management Platform <i>Next.js 16 React 19 TypeScript NestJS PostgreSQL Prisma Tailwind CSS</i> - Building a multi-application HR platform for administrators, HR staff, and employees using a pnpm/Turborepo monorepo with Next.js web, NestJS API, and Expo mobile applications. - Implemented modular backend features for employees, departments, positions, shifts, attendance, leave requests, announcements, and employee documents. - Designed JWT authentication, role-based authorization, Zod validation, Prisma relations, transactions, and business-date logic for reliable HR workflows.	GitHub
--	--------

DevFlow - Developer Q&A Platform <i>Next.js React TypeScript MongoDB Mongoose Tailwind CSS</i> - Built a Stack Overflow-inspired full-stack application with authentication, questions, answers, voting, tags, bookmarks, search, and pagination. - Used React Server Components, SSR/CSR rendering patterns, MongoDB queries, and aggregation pipelines for dynamic data retrieval.	GitHub
--	--------

INTERNSHIP EXPERIENCE

Web Development Intern (OJT) <i>City Information and Communications Technology Office (CICTO), City Government of San Fernando</i> - Contributed to a land-mapping and property-information system using HTML, CSS, JavaScript, and the Google Maps API. - Implemented polygon drawing for land-boundary visualization and supported testing, debugging, and feature improvements.	Feb 2025 - Jun 2025
--	---------------------

EDUCATION

Bachelor of Science in Information Technology - Pampanga State University	Graduated Aug 2025
--	--------------------

ACHIEVEMENTS

- Built multiple full-stack web applications using Next.js, NestJS, PostgreSQL, and MongoDB. - Developed an HR management platform and a Stack Overflow-inspired developer platform as portfolio projects. - Completed a government internship focused on web application development and mapping features.

CERTIFICATIONS

Next.js Full Stack Development Certificate - JS Mastery
